**SuperMotivation: A Blueprint for Energizing Your Organization from Top to Bottom** Dean R. Spitzer  
A new approach to the age-old problem of motivating employees, this book presents a long-term, organization-wide cure, called "supermotivation". The book presents a grand plan for how to "motivationally transform" an entire organization, introduces a two-pronged approach (both organizational and individual), and explains the concept of "motivators" and "demotivators", and how to identify them. Readers learn how to: use supermotivation to create a working environment that encourages employees to be self-motivated; identify "motivators" that exist in a company, and find ways to increase them; uncover "demotivators" and find ways to reduce or eliminate them; supermotivate the actual systems (planning, production, communication, training, evaluation and rewards) throughout the organization; provides hundreds of ways to make its principles pragmatic - examples, chapter-end action points, a demotivator identifier and motivational planner worksheets.
