Cataloging Correctly for Kids: An Introduction to the Tools Sheila I. Intner, Joanna F. Fountain, Jean Weihs

It is a time of productive and exciting changes in the cataloging world, and cataloging for children is placed squarely in the middle of this upheaval, offering librarians working with kids a particular opportunity. This new fifth edition of the classic *Cataloging Correctly for Kids* points the way towards providing effective cataloging for materials intended for children and young adults. Based on guidelines issued by the Association for Library Collections and Technical Services (ALCTS), this handbook is a one-stop resource for librarians who organize information for children. Revisions include comprehensive updates on bibliographic description and subject access, A new chapter exploring cataloging for non-English-speaking and preliterate children, Guidance on when and how to move to RDA, the next generation of cataloging guidelines, With advice contributed by experienced, practicing librarians, the fifth edition of *Cataloging Correctly for Kids* offers a complete overview of the best methods for enabling children to find the information they want and need.

The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. Techniques you still want to miss the item? Find this book along with read it from currently!

George Seal:

Is it you who having spare time in that case spend it whole day by simply watching television programs or just lying on the bed? Do you need something new? This Cataloging Correctly for Kids: An Introduction to the Tools can be the response, oh how comes? A fresh book you know. You are thus out of date, spending your time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

Eric Sanders:

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Cataloging Correctly for Kids: An Introduction to the Tools can make you really

feel more interested to read.
