A Textbook of Community Nursing

A Textbook of Community Nursing

A Textbook of Community Nursing is a comprehensive and evidence-based introduction covering the full range of professional issues, including community nursing roles, personal safety, public health, and health promotion.

This is an essential text for all pre-registration nursing students, students on specialist community nursing courses, and qualified nurses entering community practice for the first time.

- Completely up-to-date with current theory, policy, and guidelines for practice, all chapters are underpinned by a strong evidence base
- User-friendly and accessible, with learning objectives for each chapter, plus exercises and activities to test current understanding, promote reflective practice, and encourage further reading
- Case studies and examples from practice draw on all branches of community nursing to illustrate practical application of theory
