Combining first-hand knowledge of the criminal procedure system with stellar constitutional law scholarship, Levenson and Chemerinsky now offer a free-standing and student-friendly casebook that focuses on the adjudication phase of criminal procedure.

Written in the eminently articulate style that characterizes Chemerinsky's Constitutional Law casebook, *Criminal Procedure: Adjudication* offers:

- **straightforward essays** by the authors that illuminate principal and minor cases
- **a first-chapter overview of criminal procedure** that looks at:
 - the roles of the participants
 - the progression of a case through the system
 - key procedural rules and governing principles
 - the Incorporation Doctrine
 - the test for determining when new procedural rules should be applied retroactively
- **a consistent and systematic chapter structure that:**
 - introduces the topic
 - discusses the history and development of the law
 - cites examples from recent cases where the key issues have been raised
 - offers an analytic critique of the resolution of the issues
- **chronologically organized chapter topics** that mirror the sequential ordering of the adjudication process
- **samples of legal pleadings** that exemplify attorneys' actual arguments
- **a panoramic perspective on practice** as conveyed through the eyes of prosecutors, defense counsel, judges, police, and victims
- **Supreme Court cases from the 2006-2007 term**
- **a detailed Teacher's Manual** that offers questions and answers to support teaching and fuel class discussion
- **an expanded teaching package** that includes **PowerPoint slides**, a **DVD** that presents the facts and backgrounds of several key cases, and an **author website**

Sure, it is a pleasure to teach and to read, but you could decide to adopt it simply for the wealth of experience and expertise that **Chemerinsky** and **Levenson** bring to their subject.
