MECL System Design Handbook, Second Editon William R., Jr. Blood

In response to the demand for higher performance systems, engineers are looking at digital integrated circuit families which are faster than the popular TTL and DTL types. Motorola's Emitter Coupled Logic (MECL) circuits have the characteristics to meet the performance requirements for present and future systems. MELK 10,000 is ideal for computer and communications systems, while state-of-the-art instrumentation equipment uses MECL III.
