Flight of Passage Rinker Buck

Every writer keeps a secret, an episode from their past, hidden inside until maturity and their advancing powers conspire to bring it out; and that is certainly what happened with journalist Rinker Buck's *Flight of Passage*. Part adventure tale, part literary memoir, *Flight of Passage* is the story of how two brothers resolved their differences and proved themselves to their father through a mythical odyssey across America.

In 1966, Rinker and Kernahan Buck, 15 and 17, bought a dilapidated Piper Cub for \$300, rebuilt it in their barn, and then took off for California, making headlines across the country as "the youngest aviators ever to fly America coast-to-coast." Buck movingly recreates the pre-Vietnam America of cheap strip motels and dusty landing strips, the perilous crossing of the Rockies and the Arizona deserts in a fragile plane without a radio, narrating a classic tale of the Sixties. But *Flight of Passage* is also a timeless ode to fathers and sons, evoking the rites of coming of age in a family driven both by demons and big dreams. This BDD Audiobook is read by the author--a man whom critics are already calling "a virtuoso storyteller in a very American vein."
