Zora's Dawn (Defender Book 1) Sheryl Lee

Included in this edition is a short prequel to Zora's Dawn. One phone call is all it takes to change how Zora believes the world to be, especially her sleepy corner of Australia. Werewolves, vampires, witches and fairies are not just stories, they really exist. And Zora is now part of that world - to her dismay so is the man she would much rather avoid. Zora wishes a lot of things about her new life were not true. High on the list is her enforced closeness to Powers, a man she prefers to ignore. But number one on the list is the murderous and slightly insane werewolf she must now track and defeat.
