Science and Evolution: Developing a Christian Worldview of Science and Evolution Nancy Pearcey, Charles Colson

Each of these three books (*Developing a Christian Worldview of Science and Evolution*, *Developing a Christian Worldview of the Problem of Evil*, and *Developing a Christian Worldview of the Christian in Today's Culture*) is drawn from Colson's highly successful *How Now Shall We Live?* Shorter in length and accessible to readers, the *Developing a Christian Worldview* series is ideal for small-group study and classroom use. Each chapter begins with pre-reading questions, and each study session is made up of newly written discussion questions, role-playing activities, and challenges to implement key insights. All are designed to help readers grasp Colson's arguments and learn how to use the points effectively with non-Christians.
