Tappan On Survival

Mel Tappan

Tappan On Survival Mel Tappan

One of the greatest books ever written on practical survival is back in print for the next generation of self-reliant citizens! Mel Tappan was the godfather of the modern preparedness movement, and this classic collection of his writings is an indispensable resource for information on how to develop a survival mind-set, identify the best survival locations, store food, maintain communications, select firearms and much more. A new foreword by Bruce Clayton, himself an important figure in the preparedness movement after the publication of his book *Life After Doomsday* in 1980, describes the unique appeal of Tappan's writings and personality, puts Tappan's role in the survivalist movement in historical perspective and explains why his work is still highly relevant today.
