On land or water, Florida is a wild playground because of its incredible beauty, diversity and vast stretches of public lands. In *Wild Florida Adventures*, author and photographer Doug Alderson will inspire you to pick up a paddle or lace up the hiking boots and start exploring the Sunshine State. From kayaking the length of the Florida Keys to searching for record-sized trees in a huge swamp to meeting the famous naked man of the Santa Fe River, this complementary sequel to *Wild Florida Waters* takes readers into Florida's unique places.

A couple of favorite rivers such as the Suwannee and Wekiva are revisited with a different twist, and land adventures include a journey through the botanical wonderland of Torreya State Park, an exploration of a wild cave near Marianna, and a frigid campout in the Osceola National Forest with former Florida senator and governor Lawton Chiles. One out-of-state adventure--trying to tackle the mighty Mississippi River by canoe--has been added because it reveals the shortcomings of planning a long-distance trip a thousand miles away in Florida. The results are disastrous--and funny.

Useful how-to information at the end of each chapter helps people plan their own adventures.
