## **WHO ATE MY CHEESE? ROWLAND ROSE**

Who Ate My Cheese? is a tale of the awakening to reality in a maze that can well symbolize the labyrinth of our lives. No reader will remain indifferent, and certainly he will discover himself in one or another of the characters, or will find in them similarities to persons that he knows.

There are four protagonists in this story: Two giants, George and Robert, and a pair of enormous pigs, Miles and Torie. They represent the mirror image of a confused and convulsive society that exists out of place among the changes that occur at breakneck speed. This extreme situation in which we now find ourselves is the result of wrongheaded political, social and economic policies, and of letting others control the destiny of our lives.

We can behave like any one of them. We can decide to be pigs or giants, to live free or be trapped, to discover ourselves or hide behind the manipulation of the maze.
