Making and Mastering Wood Planes David Finck

The latest edition of this highly regarded instructional manual. See the great reader reviews posted for the previous editions. With this book and a weekend of your time you can make a plane and learn to use it effectively. You'll also discover a wealth of general woodworking tips and acquire a solid grounding in many fundamentals of fine woodworking. Now in its third printing, "Making and Mastering Wood Planes" by master craftsman David Finck is the definitive book in the field and a classic introduction to the art of fine woodworking. Reviews: ". . . the best book available on making and using Krenov-style wooden planes. Finck's advice on construction and planing techniques is a woodworking education in itself. He also provides excellent insights and instructions on tools, power-tool techniques, jigs and the theories underlying the process of planemaking. A clearly written and far-ranging treatise." -- Ellis Valentine Webmaster & Host, WoodCentral "Essential reading for anyone with an interest in handplanes. I wore out my first copy." -- Christopher Schwarz, Editor, "Popular Woodworking" and "Woodworking Magazine."
