In America

Susan Sontag

In America Susan Sontag

A glorious, sweeping new novel from the bestselling author of *The Volcano Lover*.

The Volcano Lover, Susan Sontag's bestselling 1992 novel, retold the love story of Lady Emma Hamilton and Lord Nelson with consummate power. In her enthralling new novel—once again based on a real story—Sontag shows us our own country on the cusp of modernity. In 1876 a group of Poles led by Maryna Zalewska, Poland's greatest actress, travel to California to found a "utopian" commune. Maryna, who has renounced her career, is accompanied by her small son and husband; in her entourage is a rising young writer who is in love with her. The novel portrays a West that is still largely empty, where white settlers confront native Californians and Asian coolies. The image of America, and of California—as fantasy, as escape, as radical simplification—constantly meets a more complex reality. The commune fails and most of the migrants go home, but Maryna stays and triumphs on the American stage. *In America* is a big, juicy, surprising book—about a woman's search for self-transformation, about the fate of idealism, about the world of the theater—that will captivate its readers from the first page. It is Sontag's most delicious, most brilliant achievement.

Susan Sontag is the internationally acclaimed author of three novels, a volume of stories, and six collections of essays. In 1990 she received a five-year fellowship from the MacArthur Foundation. She lives in New York City.
