Humanity has spent its time enjoying the peace that can only be had through blissful ignorance. For centuries, stories of things that go 'bump' in the night have been shared. When creatures of the night proved to be real, the best of America's military came together to form an elite band of rapid response teams. Their mission: to keep the civilian populace safe from the monsters that go bump in the night and hide all evidence of their existence.

But during a routine mission, when things go horribly wrong, the Monster Squad finds themselves having to rebuild from the ashes of what they once were. This time they face not only the monsters, but their own government as a dark storm brews on the horizon. A storm that will threaten not just the squads and their existence, but the lives of every human on earth...
