Bertrand Russell

ABC da relatividade (Portuguese Edition) Bertrand Russell

Um clássico da popularização da ciência, "ABC da Relatividade" foi considerada a mais brilhante obra de divulgação científica de Bertrand Russell. Essa nova edição faz parte da iniciativa de Jorge Zahar Editor de relançar alguns dos clássicos editados originalmente pela antiga Zahar Editores. No início da década de 1920, o filósofo e matemático Bertrand Russell entregou-se à tarefa de divulgar e popularizar o conhecimento. Era uma forma de sanar aquilo que lhe parecia constituir a irracionalidade nascida da falta de oportunidade educacional. A enorme produção de Russell nesse período procurava colocar ao alcance de todos, tanto quanto possível, a liberdade de pensamento e de ação proporcionadas pela cultura e pela ciência. Essa atitude iluminista certamente encontra-se presente nessa obra. "ABC da Relatividade" é um guia primoroso, para leitores não-iniciados em matemática e física, das teorias da relatividade especial e geral de Albert Einstein. Em passos fáceis e assimiláveis, o autor explica as aplicações práticas dessas teorias — como as descobertas sobre a gravitação e a invenção da bomba atômica. Por essa característica de texto introdutório, a obra conserva hoje o mesmo valor que tinha ao ser escrita. Publicado originalmente em 1925, o livro foi revisado por Felix Pirani (professor emérito da Universidade de Londres) nas edições de 1958 e 1969, sob a supervisão de Russell. Pirani também coordenou a edição de 1985, depois da morte do autor. Essa nova edição inclui uma introdução de Peter Clark, professor de lógica na Universidade de St. Andrews, Escócia.

From reader reviews:

Serafina Hayes:

Do you one among people who can't read satisfying if the sentence chained within the straightway, hold on guys that aren't like that. This ABC da relatividade (Portuguese Edition) book is readable by you who hate the straight word style. You will find the info here are arrange for enjoyable looking at experience without leaving even decrease the knowledge that want to deliver to you. The writer regarding ABC da relatividade (Portuguese Edition) content conveys objective easily to understand by many people. The printed and e-book are not different in the articles but it just different in the form of it. So , do you continue to thinking ABC da relatividade (Portuguese Edition) is not loveable to be your top list reading book?

Donald Link:

Are you kind of active person, only have 10 or maybe 15 minute in your moment to upgrading your mind talent or thinking skill actually analytical thinking? Then you are having problem with the book as compared to can satisfy your short space of time to read it because this all time you only find reserve that need more time to be learn. ABC da relatividade (Portuguese Edition) can be your answer as it can be read by anyone who have those short time problems.

Robin Holloway:

Do you like reading a book? Confuse to looking for your chosen book? Or your book was rare? Why so many question for the book? But any people feel that they enjoy for reading. Some people likes reading through, not only science book but in addition novel and ABC da relatividade (Portuguese Edition) or others sources were given knowledge for you. After you know how the truly great a book, you feel need to read more and more. Science reserve was created for teacher as well as students especially. Those textbooks are helping them to bring their knowledge. In other case, beside science book, any other book likes ABC da relatividade (Portuguese Edition) to make your spare time more colorful. Many types of book like this one.

Ryan Strausbaugh:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's internal or real their interest. They just do what the teacher want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this ABC da relatividade (Portuguese Edition) can make you experience more interested to read.
