Preaching As Picturing God in a Fragmented World: Studia Homiletica (Volume 8) Lucy Lind Hogan

The Ninth meeting of Societas Homiletica was held from August 1 to 5, 2010, on the campus of Yale Divinity School. In this collection you will read the presidential and keynote addresses that were delivered as well as the papers that were submitted and presented on the theme, Picturing God in a Fragmented World. They are essays that span the globe, from Europe, Asia, North and South America, and Africa. The addresses and papers challenged us to think about God in new ways; to preach in a fragmented world. They called us to understand that preaching is an impossible and wonderful gift that has the potential to reach out to those who are broken, shattered, lost, stiff-necked, arrogant, confused, and searching - so that we all may be one.
