## **Mike Holt's Illustrated Guide to Changes to the NEC 2008 w/Answer Key** Mike Holt

Mike Holt's Illustrated Changes to the NEC 2008 brings you up-to-speed in no time. Mike takes you through the changes that he considers to be of critical importance, and shows you how they impact your work on a daily basis for design, installation and inspection of electrical systems.

Subjects include: General Requirements, Circuits and Protection, Grounding and Bonding, Wiring Methods, Equipment for General Use, Special Occupancies, Special Equipment, Special Conditions, and Limited Energy and Communications Systems.

Why does Mike's book give you an edge? Because of the extra effort put forth to organize these changes in an easy-to-follow manner. Each change includes:

Cross references to related Code requirements help you understand how the Code rules relate to one another.

Background information for each change along with explanations, which are delivered in Mike's trademark style... easy-to-understand.

Author's Comments These sections were written by Mike to help you better understand the NEC material, and to bring to your attention things he believes you should be aware of.

Full-color detailed graphics to reinforce those difficult concepts and provide instant understanding.

This is an excellent program for those of you teaching a NEC Code Update Program. If it is used for Continuing Education we can provide the Power Point Program to accompany the full color graphics in this book. Your successful job as a Continuing Education Instructor is complete when your students have these books which include the color illustrations to bring home for reference.
