All of these recipes are also selected for the certainty that they will satisfy even the most experienced food lover, and will definitely add memorable diversity to the repertoire of any dinner table. With these easy and simple recipes you will find yourself easily able to add or change ingredients to fit your needs in size, dietary restrictions, and tastes, and end up with some leftovers (if you can stop eating!). With these words, we welcome you to the simple kitchen of easy but satisfying recipes for the beginning home chef. In this volume we tackle the massively popular ingredient bacon!

“Everything is better with bacon...and the only thing better than bacon is more bacon!”

Jamie Holland is a chef who has spent nearly two decades heading the kitchens of some of the most prestigious restaurants found in the United States, following her passion for the infinite pursuit of higher culinary cuisine. After so many years she found that she wanted not just to bring her passion for food to other people, but her passion for cooking. She firmly believes the best food in the world is that which you can cook yourself, and so now writes and teaches extensively to help people with even the busiest of lives and least experience find their own passion for food and culinary achievement.
