Re-create your life to experience new and better ways to share Wealth, Joy, Love, Wealing and Happiness

The 'Healing Your Life' Program

How does the 'Healing Your Life' program work?

Our intentions in providing this 'Healing Your Life' Program include giving you the opportunity to re-make your life experiences in ways that really achieve YOUR goals. You will be the major factor of change. Our input is to make you think about your situation, the way it is, and the way you would like it to be. There will be exercises we suggest – only YOU will know if you do them. There are no exams, if you do not actively work at this, then you are only cheating yourself.

The amount you decide to invest in your future will demonstrate how serious you are about doing what it takes to achieve all aspects of the better life that you deserve.

We are so confident that if you do what it takes, you will have measurable benefits and blessings in your life. These benefits will more than repay the effort you invest. This is called "Namaste Economics". Namaste is an Indian word which means 'the Spirit in Me acknowledges the Spirit in You'. The meaning that it conveys is that we share the same Spirit, we are one. We are demonstrating our trust in our clients, knowing that, if we give good value our supply will come to us in miraculous and abundant ways. This will be your experience too!

Another thing you have to understand is that this is not some gift wrapped, 'we'll do it all for you' package. You have to do your part. Australia, the land, is our greatest example. This land is filled with vast wealth in minerals, gems, metals and every kind of resource – but none of those things jump out of the ground and grab you by the earlobes. You have to do the work, find the right places, do the digging, do the processing, send it to market. This program is to help you dig out your potential, get yourself spiritually and mentally in the right place, and bring out the best of what you've got – then make it better.

**WARNING!** This 'Healing Your Life' program WILL cause you to change.

It is one of the definitions of insanity to think that you can keep doing the same things but get a different result!

If your own spiritual path has a particular religious label, there may be statements that conflict with your dogma. It is your choice how you deal with this. We are neither supporting or opposing any particular religious belief and we will not enter into discussions about the correctness, or otherwise, of a particular religion. We can, and do, exhibit our spirituality in our works.

This work is scientific, in the sense that if you make the same inputs you will get the same results, every

time. This book will challenge you. Do not fight the book, it is your friend. The book is a friend that wants only the best for you and will encourage you to be and do the best you can – and then get better!

DOES THIS FOLLOWING SCENE DESCRIBE YOU?

You wake up in the morning feeling good. You go to your work, which you love so much, that you would pay to be allowed to do it. You are so involved that you do not notice time passing and you are so energised that you finish your day with much more energy than you started with. You are at peace because you understand your place in the Universe. You overcome the challenges you face, understanding that they will test you and allow you to make better choices. You realise that you are in a flow of abundance and ‘co-incidences’ bring the right people and circumstances into your life at the most appropriate times. Your personal relationships are fulfilling, and you enjoy sporting, social and political activities. Each year is more rewarding, successful and joyful. You are totally blessed!

NO?

WOULD YOU LIKE IT TO BE DESCRIBING YOU?
