Finally, here is a first-rate nuts-'n-bolts how-to guide to the next generation of strategic planning! Strategic Planning for Smart Leadership reviews relevant planning, management, and leadership literature to create the context for a heterarchical planning system within the theoretical framework of contemporary leadership, planning, human resource development, and systems thinking. It is designed to provide institutions - that enter the planning process with no idea of where it might take them - achievable ideals of where their planning process should lead them.
