Wait For Me Alexis Noelle

I've never been one for relationships and commitment. I get what I needed from girls but that's where it ends. At least that was how it is supposed to be. Until that one night with Nicole changed everything. She is the only girl who has ever made me want more, and I hate it.

I have wanted more of Jason since the one night that we spent together. He has occupied my every dream and invaded my every thought. He just needs to let me in and stop fighting it so much. I'm determined to show him exactly what he is missing. I'll wait for him, but not forever.

What do you do when your whole world is turned upside down? When everything comes crumbling down around you, will you have the will to fight and break down the wall?

Wait For Me was originally Breaking Through The Wall and part of the Guarded Hearts Series. The story has been changed a bit and re-edited to make it a standalone novel.

****Wait For Me is for mature audiences only—strong language, and explicit sexual content are apparent.****
