HAJO HOLBORN

A History of Modern Germany 1840-1945 HAJO HOLBORN

[A] masterly account of the dramatic, tragic and often shameful history of Germany in the most recent age, which will probably become one of the most widely read of Holborn's works. (New York Times Book Review) At a time when most historians are devoting their energies primarily to small segments of our past, it is heartening to have a person of Professor Holborn's stature present us with his interpretation of the sweep of history and of a country whose impact on many phases of Western civilization has been highly significant. (H. J. Grimm American Historical Review)
