Stolen and Stained.

Carrying a tattoo on your skin no longer just comes with a risk of infection. Get the composition right, you have the latest mind-control drug on the market. It's the sex-traders' dream, or worst nightmare, depending on the concentrated dose of the ink—and just who's wearing it.

For Kiyen, the ink means he's able to strip raw the minds of the best and worst of society. He's one of MI7's top killers and never more driven to select and take down a target. For Falen, the ink has ensured he's spent his early years as a willing sex slave and low-grade empath. Hiding out in a small town and trying to bury the needs running through his body, Fal's hoping to stay under the radar of MI7 and their specialist killers. But the ink itself has a mind of its own, wanting to ignite the natural dynamics driving a Dom and sub, so when Kiyen is forced into Fal's small world, prejudice battles a pure need to touch. Only problem is: Kiyen's on the run, and in a world where thought can be the worst crime of all, Fal's in for a fight for his sanity to find out just what it is that's making a young killer run for his life.
