This deluxe copy of Long After Midnight is covered in decorative boards with the dustjacket having the same illustration as the boards. The fine traycase is deep royal blue with a decorative label on the front cover and a titling label on the spine; the traycase is lined in blue velvet with a silk lift ribbon. This book includes 22 Bradbury tales and in this deluxe edition only, an additional unreleased rewrite of "I Rocket." Synopsis / Contents: A crazy scheme to bring peace to the world with the aid of rust. A martian who could be Jesus. An author, plucked from his grave, is thwarted by one Melissa Toad, the mysterious witch of New York. This is a collection of tales which demolish the old saying: truth is stranger than fiction.
